

## Registration for Honors Program in Physics

Student Name: \_\_\_\_\_

Student I.D. # \_\_\_\_\_

Faculty Sponsor: \_\_\_\_\_

Expected term/year of graduation: \_\_\_\_\_

To graduate with Honors in Physics via the research options, the following requirements must be met:

- Student must complete at least 46 credits in upper-division physics courses, at least of which 40 credits must be taken for letter grades.
- A minimum grade point average of 3.3 in the 40 or more credits listed above.
- Registration for the honors thesis program (through the Physics advising office), including an acceptance signature of the faculty research adviser and a signature of another Physics faculty member before research begins.
- Completion of a minimum of 4 credits of Phys 401 research taken over two consecutive terms.
- Completion of a thesis, based on laboratory research, that is approved by the faculty research adviser and the other faculty member. A copy of the thesis is to be submitted to the Director of Undergraduate Studies.
- A public defense of the thesis attended by the faculty adviser and the other faculty member.

I understand the requirements for, and hereby indicate my intention to, participate in the Physics Honors Program.
